

## BIG CONVENTION CONVENED AT CHICAGO COLISEUM TODAY

### Harry S. New, Chairman of National Committee Call- ed for Order at Noon

### Twelve Thousand People Present at the First Session Every Seat Being Filled and Standing Room Taxed

### TEMPORARY CHAIRMAN SENATOR J. C. BURROWS

### Keynote Speech in Full—Convention Adjourns Until Wednesday Noon—Allies Beaten But Will Not Give Up.

(By H. E. Eland, Staff Correspondent  
United Press.)

Coliseum, Chicago, Ill., June 16.—The 14th national convention of the Republican party was called to order at noon today by Harry S. New, of Indiana, the chairman of the Republican national committee. As this erect, smooth shaven, keen visaged man stepped to the front of the platform to perform his duty, cheers arose but were instantly stilled when he raised his hand to command silence.

Twelve thousand pairs of eyes were centered upon him. Nearly 2000 of these belonged to the delegates and their alternates, who have been assembled from every state and territory of the Union, as well as the District of Columbia and far off Alaska, Hawaii, Porto Rico and the Philippines for the purpose of nominating the men whom they all believe will be the next president and vice president of the United States. The other 10,000 were those of the newspaper men, who will record the events and of the visitors who have come from all parts of the world to see how the thing is done.

The scene was laid in Chicago's greatest amphitheater, the Coliseum. Every seat was filled and the standing room capacity was taxed to its utmost.

A large proportion of the throng consisted of women, many of whom are prominent in the social life of Chicago, New York, Washington, and other centers, whose gay summer finery added a brilliant touch of color to the scene. The social side of the convention has been given more attention by the local committee of arrangements this year than ever before and among the galaxy were many members of the "400".

At the southern end of the hall was a great semi-circular stage or platform, 100 by 160 feet, with seats and desks for over 400 newspaper men, immediately below it.

It had been advertised that the door of the Coliseum would be thrown open at 10, but long before that hour the street cars and other means of transportation were depositing eager applicants for admission at one or more of the dozen entrances. The arrangements for handling the crowd were as nearly perfect as human ingenuity could devise. The seating capacity of the hall had been divided into sections, each entrance bore a large placard indicating what section it gave admission to, and each ticket was plainly marked in accordance with this plan. A small army of ushers and assistant doorkeepers was on hand to see that everybody got his proper seat without confusion or delay.

Promptly at the appointed hour all the doors were swung open and the streams of people began to file in. While the delegates and spectators were assembling, Weldon's Chicago Concert band, from an elevated stand in the middle of one of the long sides of the hall, played various selections.

Shortly before the hour of 12 Mrs. Beatrice Fisher-Erling sang a soprano solo, choosing "Ardor," "Enchantress," which was greeted with

applause. By this time the interior of the hall resembled a human beehive. People were arriving in swarms and the place was filled with the subdued noise of rustling feet and dresses, scraping of chairs and the hum of a great force of humanity. As the delegates filed into place they were cheered by their friends and partisans in the galleries. The more prominent men were picked out individually by the crowd and welcomed with yells and hand clapping. Thus Chauncey M. Depew and Tim Woodruff of New York, Henry Cabot Lodge and W. Murray Crane of Massachusetts, Felix Angus of Maryland, George A. Knight and M. H. DeYoung of California, A. J. Beveridge and J. A. Hemenway of Indiana, Wm. Warner of Missouri (former commander-in-chief of Grand Army), A. I. Vorys, Chas. P. Taft and George B. Cox of Ohio, Boies Penrose of Pennsylvania, and many others were singled out successfully and cheered to the echo.

Just about noon the hand swung into the inspiring strains of "Tannhauser." Before the applause died out, Chairman New was at the front of the platform signaling for order. As soon as he could make himself heard, he announced that the proceedings would be begun with prayer by the Rt. Rev. P. J. Muldoon, bishop of the diocese of Chicago, of the Roman Catholic church.

After prayer by Bishop P. J. Muldoon of Chicago, the call for the convention was read by Elmer Dover of Ohio, secretary of the Republican national committee.

Following the reading of the call, Chairman New introduced Senator Julius C. Burrows of Michigan, who had been selected to preside over the temporary deliberations of the convention. Senator Burrows then delivered the keynote of the campaign, his remarks being listened to attentively by the vast audience and frequently punctuated by applause.

Then followed the election of temporary officers as follows:

Temporary Chairman—Senator J. C. Burrows, Michigan.  
General Secretary—John R. Malloy, Columbus, O.

Chief Assistant Secretary—Lafayette B. Gleason, New York, N. Y.  
Sergeant-at-Arms—William F. Stone, Baltimore, Md.

Chief Assistant Sergeant-at-Arms—Ed. P. Thayer, Greenfield, Ind.  
Parliamentarian—Asher C. Hinds, Washington, D. C.

Chief of Doorkeepers—Stephen R. Mason, Baltimore, Md.

Chaplains—Bishop P. J. Muldoon, Chicago, Ill.; Rev. William O. Waters, Chicago, Ill.; Rev. Tobias Schanfarber, Chicago, Ill.; Rev. John Wesley Hill, New York, N. Y.; Rev. Lorenzo D. Case, Chicago, Ill.

Assistant Secretaries—Chas. Brooks Smith, Parkersburg, W. Va.; Ernest Walker Smith, Hartford, Conn.; Philip M. Heofele, St. Louis, Mo.; M. J. Tobin, Vinton, Ia.; Charles M. Harger, Abilene, Kan.; Allen Hollis, Concord, N. H.

Reading Clerks—Thomas W. Williamson, Edwardsville, Ill.; Albert Berg, Beaudette, Minn.; George A. Wilson, Des Moines, Ia.; W. J. Seitz, West Liberty, Ky.

Tally Clerks—Roy M. Watkins, Grand Rapids, Mich.; Clyde W. Mil-

Harry S. New

Chairman of the Republican National Committee.

ler, Osage City, Kan.; Frank R. Bentley, Baraboo, Wis.; W. A. Steele, Van Buren, Ark.

Messenger to the Chairman—Emmerson Stone, Indianapolis, Ind.  
Messenger to the Secretary—John H. Jackson, Cincinnati, O.

When the temporary organization had been taken care of, the roll of states was called for the announcement of members of the committee on permanent organization, rules and order of business, credentials and resolutions.

Immediately following the transaction of miscellaneous business this afternoon, the convention will adjourn for the day and the various committees will meet at the places assigned to them to begin the work of making the platform, deciding the contests for seats and selecting the permanent officers of the convention.

The vice presidential tangle has developed factional feeling in Indiana and Iowa. The situation in the two states is not identical, but in both there are prominent Republicans on both sides of the question as to whether the state should bid for the honor of naming the runningmate for the presidential nominee. The latest phase of the Iowa situation is that Gov. Cummins' following may show only a lukewarm interest in the state campaign for the election of B. F. Carroll as governor and other candidates for state offices if opponents of Cummins continue to bar the way to Senator Dolliver's nomination for vice president. The ticket headed by Carroll was named at state primaries at which Senator Allison defeated Governor Cummins for a seat in the Senate and the state ticket is not regarded as friendly to Cummins. While Governor Cummins and his friends would be expected to support the choice of the Republicans of the state as expressed at the primaries, it is believed there might be serious defection in the ranks if such a direct slap at Cummins as that proposed by the Iowa delegation is given.

A majority of the Indiana delegation now desire to put forth their best efforts to promote the renomination of Fairbanks, but Senator Hemenway, Governor Hanly and James P. Goodrich, the chairman of the state central committee, all delegates-at-large and Joseph B. Keating, political manager for the vice president, are holding out strongly against the suggestion that Mr. Fairbanks' name be withdrawn as a candidate for president. Their argument, stated briefly, is that Indiana instructed its delegates to work for the nomination of Fairbanks for the presidency and not for any other office. They have refused to be moved by the argument from some other members of the delegation that Mr. Fairbanks may not secure first place, and that his continuance as a candidate for president is destroying whatever opportunity the state has to furnish the vice president.

Practically the whole Republican state ticket has arrived in Chicago prepared to insist that an Indiana man go on the national ticket, whether it be first or second place, if political strategy can bring about such a result. The Republican ticket is headed by Representative James E. Watson, who is the nominee for governor. The program for Wednesday is an uncertain quantity, made so by the inability to forecast the length of time it will take the credentials committee

to dispose of the contests that will be presented for its consideration. If the committee is not ready to report after the session has been opened with prayer by Rev. William O. Waters of Chicago, other business will be suspended and the visiting marching clubs received. It is barely possible that the credentials committee will not be ready to report until late Thursday or some time Friday.

At the conclusion of the reading, the real oratory of the occasion began. Addressing the delegates, Chairman New said: "Gentlemen of the convention: The Republican National committee has selected for your temporary chairman, Hon. Julius C. Burrows, senator from Michigan, and presents his name for your acceptance."

The mention of Burrows' name was the signal for another outburst of applause during which one of the "big four" from Michigan jumped to his feet with the motion, "That the action of the national committee be approved." The motion was put and agreed to unanimously. Amid cheers Senator Burrows, who is one of the stalwarts of the senate, and chairman of the privileges and elections committee, member of the finance committee and one of those selected to formulate a plan during the summer for the revision of tariff, then stepped forward. He was greeted enthusiastically, the Michigan delegation being especially noisy. When the tumult had subsided Senator Burrows began the reading of the formal opening address of the convention, which, according to tradition is to be the keynote of the coming campaign. He was frequently interrupted by applause.

### BURROWS SOUNDS IT.

Keynote of Republican Presidential Campaign of 1908.

Chicago, June 16.—Senator Burrows of Michigan, temporary chairman of the national Republican convention, today sounded the keynote of the Republican campaign of 1908. He said: Mr. Chairman and Gentlemen of the Convention:

Another chapter in our national history under Republican administration is soon to be concluded, and, conforming to party usage long established, this convention of 980 delegates and their alternates, chosen by the Republican electorate from every state and territory within the confines of the republic, meets in this high council to submit the record of its achievements to the critical review of the American people and make fresh avowal of its faith in the principles and policies of the Republican party.

### Submits Its Record.

Four years ago the Republican party in national convention submitted the record of its achievements to the American people, announced its policies for the future and, invoking continuance of public favor, placed its nomination for the office of president and vice president of the United States

(Continued on page 4, 3d col.)

### LACKING

No Enthusiasm at the Convention  
and Temperature of Delegates  
is at Low Ebb.

Chicago, June 16.—Something of a sudden drop in the temperature seems to have been imparted to the spirits of the delegates in the opening session of the Republican national convention. The lack of enthusiasm is surprising. The flash of the old time convention spirit followed Chairman Burrows' initial mention of President Roosevelt's name, the demonstration lasting two minutes, the delegates shouting and waving their hats. Earlier, when Chairman New called the convention to order, Julius Fleischman, ex-Mayor of Cincinnati, carried into the hall a large blue banner bearing on either side the likeness of Secretary Taft. It drew but a faint little outburst of applause. Even the magic name of Theodore Roosevelt, which has never failed to awaken the wildest and most demonstrative acclaim, failed to produce anything like enthusiasm.

The convention started off like clock work, moving under complete control. Before the session was half an hour old, the last lingering hope of the allies of a stampede for Roosevelt had withered into insignificance. Even the stock expression, "It's all over but the shouting," fails to apply. There seems to be no shouting. Senator Burrows' speech provoked no outbursts. The calm remained unbroken.

A significant feature of the convention was the circulation, while he was speaking, of a resolution meant to reduce the delegate representation of the southern states providing each state with four delegates at large and one delegate additional for each 10,000 voters or major fraction thereof, cast at the preceding presidential election.

### MR. BURLEY IS KNOWN IN NEWARK

Chicago, June 16.—Zane W. Burley of Crooksville, Ohio, a young pottery manufacturer, who is well known in Newark, has attracted no little attention today owing to his announcement last night that notwithstanding his instructions to vote for Taft he will not support the secretary. Burley says Taft can not carry Ohio or any of the close northern states and therefore can not be elected. He is undoubtedly for Foraker. The anti-Taft men in the Ohio delegation now number six.

### KNABENSHUE AN AUTOIST.

Columbus, June 16.—Roy Knabenshue, the Toledo aeronaut doesn't get all his pleasure navigating the air, as is attested by the records of the new state bureau of automobile registration. Fred Calley, in charge of the bureau, yesterday issued a license to the noted aeronaut for a 15 horse power runabout. If you see one whizzing through the country with a No. 2710, hanging on the back you will know that Knabenshue passed you.

### HAT SAVES LIFE.

Hamilton, June 16.—A large hat that she was wearing probably saved the life of Miss Amelia Auspurg. A sudden gust of wind blew out a transom, which struck her on the head. She was so badly cut that 15 stitches were required to close the wounds in her head. It is believed that she would have been killed but for the protection her hat afforded.

### STILL RISING.

St. Louis, June 16.—The Mississippi river added a foot to its rise during the night and is today at the 33 feet stage. Every inch of rise added thousands of dollars to the damages.

### WILL TEACH ORPHANS.

Xenia, June 16.—Prof. S. H. Layton of Fostoria was elected superintendent of schools at the Ohio Soldiers' and Sailors' Orphans' home by the board of trustees of the institution. He has been superintendent of schools at Fostoria and will take the place of Prof. E. L. Mendenhall, who was not an applicant for reappointment.

### PLEADS GUILTY

Columbus City Hall Bribery Scandal  
Takes Another Sensational  
Turn Today.

Columbus, June 16.—The city hall bribery scandal took another sensational turn today when M. F. Bramley, president of the Cleveland Trinidad Paving company arrived in Columbus from Cleveland and went immediately before Judge Rathma, where he pleaded guilty to bribery on three of the seven indictments. He was fined \$500 on each indictment. The plea of guilty was the result of an agreement between the defense and prosecution by which it is said the accused contractor was to confess and be released upon the payment of fines, thus escaping the imprisonment sentence.

## "BOOSTERS" LEAVE FOR STATE ENCAMPMENT

### Party Made Trip Overland in Autos and Arrived Safely in the City of Bean Eaters

### Effort Will be Made to Bring Next Encampment to This City—Newarkites Quartered at Norval Hotel.

(By Staff Correspondent.)

Lima, O., June 16.—Newark's first delegation arrived this afternoon at 12:15 o'clock, headed by Post Commander Homer Place and Past Commander George W. Chase.

The reception accorded the old vets by Lima citizens is most pleasing. They are being well cared for and everyone is extending the hand of welcome and friendship.

The decorations are elaborate and complete and the court of honor in the public square is one of the swiftest, so the old comrades claim, which has ever been erected at a state encampment. The good people of this bustling little city are doing all in their power to make the old boys feel at home and they are certainly succeeding admirably.

The Newark "Boosters" are the busiest ones and they are hustling like good fellows to endeavor to get the boys who wore the blue to pay Licking's capital a visit in 1909.

The "Boosters," headed by Secretary J. M. Mayhew of the Board of Trade, have opened headquarters in the Hotel Norval, and a constant throng is continually passing in and out. They are receiving much encouragement and Cincinnati, Columbus, Lima, Lancaster and Zanesville are all in line and are assisting the Newark contingent in booming one of the best little cities in the state. Newark's chances are good and it looks as if we are going to be successful in our undertaking, but of course it is a little early to make any predictions. Several other cities are fighting for the honor but it is conceded that Newark has the lead with Lorain a close second.

A large delegation came in from the city on the lake this morning and they are booming their city, but the Newark "Boosters" are keeping an eye on them and for every lick put in for Lorain the Newarkites put in two.

The Molders are booming the town and helping along the good work and Newark's badges are very conspicuous. The boys are in fine trim and state that they will be leading the Ohio League before long if they do not meet with any accidents.

Lima fans say the Molders is one of the best teams ever and state that they would not be surprised to see them win the pennant.

DESS B. KIRK.

Lima, O., June 16.—Delegations are rapidly arriving today for the state encampment of the G. A. R. and the convention began business this afternoon. Three active candidates for the office of department commander, John H. Shearer of Alliance, J. B. King and M. E. Kissane, have all established headquarters at the Lima House.

Booster delegations from Newark and Lorain have arrived in automobiles, and each is endeavoring to secure the encampment for 1909.

Newark's "Boosters" who will endeavor to secure the next state encampment of the G. A. R. left for Lima this morning in autos. The party left at 6:30 o'clock after having met on North Fourth street. There were eight machines as follows: Carey Bricker's car, containing besides Mr. Bricker, Joshua McKinney, Hon. Robert Howard, and B. G. Smythe; Fred Evans' car with A. C. Davis, J. M. Mayhew, Hon. W. E. Miller and S. P. VanVoornis; William Hole's car, George Bader, Mel Lampson, and David Hole; R. C. Bigbee's car, Rev. J. A. Bennett, James McKay and Judge E. M. P. Brister; David Taylor's car, Edgar Fowler, John Bader and Joseph Schlegel. David Davis of Conesville, joined the party.

g Mrs. Davis, J. G. Davis, Rufus Putnam, M. O. Nash and H. H. Montgomery.

The party left here direct for Johnstown where they were entertained at breakfast by Congressman W. A. Ashbrook, after which they left for Delaware and will go from there direct to Lima via Marion. The autoists expect to arrive in Lima some

time this afternoon between 1 and 2 o'clock. Each machine had pennants with "Newark, 1909" in the four corners of the car and the "boosters" all wore badges with the same inscription. A great many took along numbers of souvenir cards showing different views of our beautiful little city.

The convention will decide where the next encampment will be held some time during the Wednesday morning session. Let us hope that their decision will be Newark.

### AUTO PARTY AT JOHNSTOWN.

Johnstown, June 16.—The Newark auto party, consisting of ten autos, bearing 38 passengers, arrived here at 7:30 this morning and was entertained at breakfast at the City Hotel by Congressman Ashbrook. After breakfast the cars departed at 8:20, accompanied from here by H. B. Rusler's car containing Congressman Ashbrook, Dr. Preston, F. D. French and Mr. Rusler.

### TWO MORE CARS.

Johnstown, June 16.—At 9 o'clock two autos bound for Lima, which had been delayed, passed through this village. The cars contained I. M. Phillips, J. B. Jordan, B. G. Brandt, Lyman Beecher, and Mr. and Mrs. J. L. Mathias, W. D. Fulton, Frank T. Munnath and M. Conley.

Lima, June 16.—Delegations and Department Commander W. S. Rogers of Cleveland, with his staff, arrived here yesterday, and the preliminaries to the formal opening of the 42d annual encampment of the G. A. R., department of Ohio, were ushered in last evening with a Mardi Gras carnival, more than 1,000 citizens participating.

The first business of the week was the meeting of the committee on credentials today, followed by the reception to the department and national commanders at the auditorium, following which will occur the silver jubilee program of the Woman's Relief corps, founded 25 years ago. On the program for this commemorative anniversary are Past National President Kate Brownlee Sherwood, wife of Congressman I. R. Sherwood of Toledo Sarah D. Winans, past national president, and General R. B. Brown, commander-in-chief of the national G. A. R., W. R. C. Ladies of the G. A. R., Sons of Veterans and Daughters of Veterans will convene Wednesday morning.

## A PARK SITE GIVEN TO CITY BY SHERWOOD

Councilman W. D. Fulton introduced a measure at Monday night's meeting providing for the acceptance of a deed from the Sherwood company for a plot of ground extending from the Sherwood Hotel west to First street, and from Main street south on First a distance of 81 feet. This ground is given to the city for park purposes and it is planned to plant it attractively and make it a beautiful spot. The ground given to the city is immediately north of the site for the new federal building which is to be erected on the Sherwood site.

### WILL SUMMON COMMITTEE.

Columbus, June 16.—For the selection of a secretary and formation of plans for the state campaign, Wm. L. Finley, chairman, in a few days will issue a call for a meeting of the Democratic state executive committee. Chairman Finley says he has no choice for secretary other than he would like for him to be congenial to him.

### PATRICK'S PETITION DENIED.

New York, June 16.—The application of Albert H. Patrick, who is serving a life sentence in Sing Sing prison for the murder of Wm. Marsa Rice, an aged Texas millionaire, for a writ of habeas corpus, was denied by Judge Lacombe in the United States Circuit court.

# OUR ANNIVERSARY SALE

**OPENS ON WEDNESDAY, JUNE 17 AT 9 A. M.**

**Thousands of Dollars Worth of Clothing and Furnishings for Men, Boys and Children WILL BE SOLD Without Reserve, Without any Restriction whatever**

With the end of this season we close our 10th year in business in this city.

We have done our best, we have closely attended to business, studied the demands of the trade and made it our business to please.

We have steadily grown until these floors of ours are simply over-crowded, containing a larger stock than many stores of double the floor room, and carrying the highest grade qualities, strictly abreast with the demand of our fastidious customers for always the newest and most reliable goods of any character on sale here which we did not know positively we could profitably recommend and guarantee, and when we made mistakes as all mortals will, we have made good with replacing of goods or money back, and always and ever shall urge our customers to report any disappointing purchase here, because we ascribe entirely our success to an ever-increasing pleased and satisfied custom. We believe this a fitting occasion for a celebration and one in which all those who helped us to success—all our customers and all of everybody else's customers—should join and benefit.

**Secures Contract for Missionaries' Children's Home at Granville—Will Rush to Completion.**

Granville, O., June 16—The contract for the construction of the Missionaries' Children's Home at this place, has been awarded to Contractor J. C. Linn, of Newark at the contract price of about \$15,000. The funds for the construction of this building will be furnished by Dr. W. H. Doane, of Cincinnati. The building which will cover a space of about 60x82 feet, will have a basement constructed of stone and above the foundation it will be of frame with a shingle roof. All windows will be equipped with outside shutters. The main body of the house will be painted white, the roof stained a soft green and shutters painted a dark green. The interior of the building will be finished throughout in hard wood and will have hard wood floors. It fronts the south and extending almost entirely across the front is a porch, 12 feet wide, with a balcony above, furnishing porch space for both the first and second stories. The laundry, vegetable cellar, play room, toilet rooms for the children, a large locker room and a room for the location of heating apparatus and storage of fuel. The central entrance in front on

the first floor, opens into a spacious hall extending entirely through the building. To the right of the hall in front are two reception rooms, each about 12x15 feet, opening into each other with sliding doors, and having wide sliding doors between the two rooms and the hall. To the left of the hall in front is a large living room. Back of the reception rooms is a dining room 16x24 feet, and back of the dining room is the kitchen. Back of the parlor on the first floor are two rooms and a private lavatory for the matron. The second and third floors are given up to bed rooms for the children, and bed rooms over the kitchen are for use of the servants and the servants' bath. There is room in the

building to accommodate 32 children. The entire building is to be heated by hot water, to have hot and cold water plumbing throughout, wired for electric light and piped for gas. Mr. Linn, the contractor, says that work on the building will be commenced soon and that it will be pushed forward to an early completion.

**PILES! PILES! PILES!** Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Choral Society Meeting. Monday night was the regular meeting night of the Newark Choral society in the Schaus building, East Park Place, and a good rehearsal was had. Following the rehearsal the business part of the meeting was held and it was unanimously decided to give a concert in the near future at Taylor Hall, announcement of which will be made later.

Pleasing News For Henry. If Henry, Lucas, who is in Chicago, was here today, his face would be wreathed in smiles over his delayed frost. Henry predicted that we would have frost during the early part of June, but the frost was held back for a few days by the unexpected warm wave that swept over the country. Early risers Tuesday morning were not surprised when they saw vegetation covered with a white frost. Fortunately it was not the kind of frost

that kills, and fruit and vegetables suffered no damage.

Meeting Postponed. The regular C. L. of O. meeting on Wednesday evening is postponed until the following week. Notice of time and place will be duly announced.

Will Give Lawn Fete. The Order of United Americans will give a lawn fete at the home of Mr. Anderson on South Franklin avenue Wednesday evening, June 17. Ice cream and cake 10c. 16-2t

Getting Along Nicely. Owen Miller, who underwent an operation on one of his hands at the City Hospital several days ago for diabetic gangrene, is reported as getting along nicely, and it is thought he will make a rapid recovery.

What Will It Be? Mr. Edward Maurath, Uncle Wm. Weakly and Mr. Fred Sites are at Hog Run Tuesday to meet up with some fine bass that they have on engagement with. What the results are will likely be in this paper's next issue.

Little Ones Entertained. On Monday, June 15, the primary class and the cradle roll of the First Congregational church, and the mothers of the children, were entertained by Mrs. Sylvanus Jones, at her home, 80 Moull street. Over 50 were present. Ice cream, cake and candy were served and a very pleasant afternoon was spent by the little ones.

A White Frost. The thermometer stood at 33 degrees Fahrenheit Tuesday morning. This was getting close to the danger line. White frost sometimes forms at 40 degrees, but usually does no damage to fairly hardy vegetation while the temperature was below this frost line, no reports of damage have been received.

Newark Man Will Graduate. Invitations have been received here by friends inviting them to attend the commencement exercises of the Ohio university at Athens, O., on Thursday, June 18, on which occasion Prof. John W. Adams, of the Newark High school, will graduate from the institution. Prof. Adams also attended Denison university at Granville, for a time.

Woman's Mission Circle. The Woman's Mission Circle of the Fifth street Baptist church will meet Thursday afternoon at the home of Mrs. Arthur Taylor west of the city. The ladies will leave the interurban station on the 1:20 car which will stop at Armstrong's bridge. The fare is five cents. Miss Hiltman, a returned missionary from Korea, will speak at the meeting.

Enjoying Vacation. Miss Minnie Bradbrock of the office force of the Wehrle Stove works, is enjoying her vacation. She left on Tuesday morning for Huntington, Ind., where she will make a short visit with her aunt, Mrs. Zahn, and from there will go to Chicago, where she will visit Mrs. Charles Kochen-dorfer. She was accompanied as far as Columbus by her mother, Mrs. C. J. Bradbrock, and sister, Miss Nellie.

Avondale boats leave the big pier at Buckeye Lake every hour, passing the floating islands and land you where you can get a good dinner or supper. 6-12dtf

## SCHOOL BOARD

Short Session Held Monday Evening at Which Routine Business was Transacted

At the regular meeting of the Board of Education Messrs. Beggs, Fulton, Haight and Keller were present, with President Beggs in the chair.

Miss Julia E. Pritchard, teacher in the new West End school, asked leave of absence for one year in order to enable her to attend Normal college. Her request was granted.

Superintendent Simkins recommended the adoption of the "Progressive Speller," for the Sixth, Seventh and Eighth grades, in lieu of Morse's Speller. The recommendation was adopted.

A representative of the Underwood Typewriter company was present and made a proposition to the board that he would take up the four Underwood typewriters now in use in the High school, and replace them with four new up-to-date machines, in exchange for the old machines and \$120 cash. The proposition was accepted by the board.

The board decided to extend manual training in the seventh and eighth grades by making it obligatory on the boys and they expect to make some provision for the girls of the same class of grades in order to keep them occupied while the boys are working at manual training, by introducing domestic arts, such as sewing, etc.

The matter of preparing a course in

## Your Vacation

Miss Margaret McMahon of Washington, D. C., who has been the guest of Mrs. Henry Sachs in Hudson avenue, left today for Columbus to visit her sister, Mrs. Frank Gleichauf.

E. J. Joseph of Philadelphia, who has been visiting his parents near Union Station, returned to his home last Saturday. He was accompanied by his little son, Edwin, eight years old.

Mrs. R. P. Stoughton of Philadelphia, Pa., and aunt of Mrs. Frank Chase of this city, will arrive about June 20 and make a summer visit with Mr. and Mrs. Chase at their cottage at Buckeye Lake Park.

Mr. and Mrs. Henry Wilkins of Xenia, who have been visiting their daughter, Mrs. Ellen James, at her home in Pittsburgh for some time stopped over in the city Monday on their way home for a short visit with friends.

Miss Dorothea Vail of Columbus, who was a guest of Miss Spray Douce of West Church street, during commencement, returned to her home Monday. The Misses Bessie and Coral Douce of Marion, O., also guests of the family for the past week, returned home Tuesday morning.

Some girls wear glasses just for the looks of the thing.

Spanish grape growers prefer American oak staves for barrels, claiming that no other wood is so good for the preservation of fruit.

### CUTTING COUPONS.

Young folks all are busy now, boys and girls together, watching for the paper in rain or shine weather; cutting out these verses upon a coupon is—on the 1st day of July they'll need them in their "biz." Each small man and maiden a lesson thus may learn, those who something save each day will fortune surely earn. Remember boys and girls that those of you who have saved the advertisements of Spartan Stain and Aurora Paint, or any of the Marietta Paint and Color Co.'s advertising up to July 1st, will be entitled to a novel gift. Are you all ready for us? We shall be ready for you.

The most beautiful part of Buckeye Lake is the east end. Take the Avondale boats at the big pier. Good dinners a specialty. 6-13dtf

## WEDDINGS

### WELLS-WEBB.

Mr. Clarence Wells and Miss Viola May Webb were married Saturday afternoon at 4:30 at the United Brethren church. Mr. Wells is a glass worker at the A. H. Heisey Co., and Miss Webb is of Hanover.

Mr. and Mrs. Wells will reside in Curtis street.

### FINLEY-OLDROYD.

June 13, at 7:30 o'clock, Rev. L. C. Sparks united in marriage Mr. George W. Finley, a glass worker, at the Everett factory, and Miss Nellie Oldroyd, daughter of Mr. and Mrs. Joseph Oldroyd, residing on Pleasant avenue, this city. The young people will immediately go to housekeeping at 200 East Main street.

### ST. JOE ROAD.

Miss Anna Manning of Newark is a guest at the Mattingly home this week.

Messrs. George Mattingly and Edward Cuth went to Columbus Saturday.

Mrs. L. Egan and family and Miss Sara McMann of Newark were guests of relatives of this place Sunday.

Mr. and Mrs. Ray Cheek are receiving congratulations on the arrival of a baby girl.

Miss Nora Cuth went to Newark Saturday where she will visit friends for a few days.

### NEW WAY.

Mr. and Mrs. Newton Powers entertained Rev. and Mrs. H. O. Harbaugh of Chatham, Sunday.

The leading given by Miss Mary Woodworth Wednesday evening at Liberty M. E. church was well-received by a large audience. Music added to the entertainment.

Mr. Sampson Bishop and family visited friends at Appletown Sunday.

Mrs. Harry Marple of Newark, visited relatives in this neighborhood on Thursday.

Mrs. Sarah Woodworth has gone to Newark to visit friends.

Lard is one of the chief Mexican imports from the United States. The figure for 1907 was nearly 7,000,000 pounds.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatic and is the direct result of taking cold.

One medical authority has described the pain of neuralgia as "the cry of the nerves for better blood." This is true because the nerves receive their nourishment through the blood. Build up the blood, the impoverished nerves are fed and the neuralgic pains disappear.

Mr. W. Q. Wilcox, a well-known jeweler, of No. 535 Main street, Coshocton, Ohio, suffered nearly two years with sciatica. "I endured intense pain," he says, "and was under the care of four doctors without benefit. Dr. Williams' Pink Pills just hit my case and two weeks after I began taking them I was a good deal better. I took them a while longer and was permanently cured."

**Dr. Williams' PINK PILLS**

50c. per box; six boxes \$2.50, at all druggists. Dr. Williams' Medicine Co., Schenectady, N. Y.

## MET HOWARD

Former Newark Man Greets Him on His Release From Kentucky Penitentiary.

Mr. Fred Mikesell, a former Newark man, who while residing in this city, was connected with the B. & O., but who is now in the auditing department of the Louisville & Nashville railroad, with his headquarters at Louisville, Ky., arrived home Monday to visit his parents, Mr. and Mrs. Andrew Mikesell and other relatives for a few weeks.

Mr. Mikesell is a personal acquaintance of James Howard, who was released from the Kentucky state prison Saturday, after having served eight years of a life sentence on the charge of complicity in the assassination of Governor Goebel. The Newark man described the reception tendered Howard, on his release at the order of Governor Wilson.

He stated that he never witnessed such a demonstration as that shown in Louisville on Howard's arrival there. Crowds of the man's friends and associates gathered about him to shake his hand and offer congratulations. Mr. Mikesell attempted to see Howard, but was forced to send his card and wait for orders to enter the apartments occupied by the free man. When he finally succeeded in getting to his side, the greeting was a warm one.

Mrs. Howard, who remained faithful to her husband, whose innocence she repeatedly proclaimed, conducted a rooming house on Fourth avenue in Louisville for several years during her husband's incarceration. At the time of his release she was at her home in the mountains. She was tel-

## COURT NEWS

### Appointments.

Charles E. Hoover has been appointed administrator of Armand Keller, deceased, of this city. Bond, \$2550.

William H. Roe has been appointed administrator of the estate of Margaret E. Dearth, deceased, of Newark. Bond \$1300.

Edward Proper has been appointed guardian of John Pongratz. Bond \$100.

### Assignment of Cases.

The following assignment of cases has been made for trial in the Common Pleas court by Prosecuting Attorney J. R. Fitzgibbon and Judge C. W. Seward:

Monday, June 22, paternity cases.  
Tuesday, June 23, peace warrant cases.

Wednesday, June 24: Ohio vs. Louis Bader and Robert White; Ohio vs. Oliver Holsberry and Wellington McPherson; Ohio vs. Harry Clarke and Theodore McPherson.

Thursday, June 25: Ohio vs. Robert Darnes and L. Merrill.

### Answer and Cross Petition.

In the case of Clifford R. Lewis vs. George M. Green, the defendant has filed his answer, in which he says that at all times during the proceedings in this action George M. Green was non compos mentis, and of insufficient mental ability to transact the ordinary affairs of business. Defendant asks the court to discuss the action and set aside the deed heretofore ordered to Clifford R. Lewis and for such other and further relief as is just and equitable.

### Answer to Petition.

In the case of Barney Soules vs. the Pittsburgh, Cincinnati Chicago and St. Louis Railway company, the defendant has filed its answer, in which it denies all the allegations of plaintiff, and asks to be dismissed with its costs. Dunbar & Sweeney & Smythe & Smythe for defendant.

### Common Pleas Court.

In the name of Ohio vs. James and John Taylor, indicted for keeping a gambling room, the jurors returned a verdict of not guilty. Fitzgibbon, Smythe & Smythe.

The regular jurors were excused to Monday, June 22. The extra jurors who were drawn will return on Wednesday, June 24th.

### Divorce Petition.

William Kilus has filed a petition in the Probate court asking for a divorce from Ida Kilus to whom he was married December 26, 1892. Four children, ranging in years from 5 to 13, born of the marriage, are living. Plaintiff charges his wife with infidelity and extreme cruelty. In addition to a divorce he asks for the custody of the minor children. Smythe & Smythe, attorneys.

### Joint Ditch Meeting.

A joint meeting of the commissioners of Fairfield and Licking counties was held in this city Tuesday for the purpose of hearing the joint county ditch petitioned for by Brown and Busch. This ditch commences between Kirkersville and Hebron, south of the National road, and ends near Moscow bridge.

### Answer Filed.

In the case of P. E. Broese against the Board of Education of Bowling Green township, the defendant has filed its answer. It admits that the plaintiff was employed as teacher as set forth in the petition, and that the plaintiff had a teacher's certificate at the time of his employment; that the plaintiff entered upon said employment September 16, 1907, at continued until January 15, 1908, when he was dismissed by the defendant, and defendant denies all the other allegations. J. R. Fitzgibbon attorney for the defendant.

### Marriage Licenses.

Wilson Henry Gardner, Columbus; Genevieve Clark Wilson, Utica.  
John B. Condit, Jersey township; Beulah A. Condit, Jersey township.

### Real Estate Transfers.

James E. Reed and wife to Ira M.

### June 16 in History.

1815—Napoleon defeated Blücher at Ligny, and the allies defeated Ney at Quatre Bras, both preliminary to Waterloo.

1900—Prince de Joinville, son of King Louis Philippe of France, who for a time served in the Army of the Potomac on the staff of General McClellan, died; born 1818.

1907—Russian douma dissolved by edict of the crown; 700 political arrests in St. Petersburg.

### ASTRONOMICAL EVENTS.

Sun sets 7:29, rises 4:21; moon rises 9:52 p. m.; moon's age 18 days; 4:18 p. m., moon at perigee, nearest earth; 8 a. m., planets Mercury and Mars in conjunction, possibly seen near western horizon together at twilight tonight.

### A WONDERFUL OINTMENT.

It cures any form of skin or scalp diseases or skin sores. Dr. Hale's Household Ointment is its name. It has accomplished wonders in countless obstinate cases. Prompt relief follows first application. Don't endure itching, burning, exasperating skin troubles, when you can be cured. At City Drug Store. 25c. 10

## HOW ONE GAINS

Success in Money Matters—By the Ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

FIFTH WAY. By improving his spare time. Everybody has spare time. The busiest men have. Farmers have. When men improve these spare hours, they gain a great deal in the journey of life. Whether they improve these spare hours in labor with their hands, or in reading good books, they are alike benefited. Such men usually have money which they should leave with and get five per cent from The Buckeye, whose assets are over \$2,400,000.

(See sixth way next week.)

You have tried the rest. Now try the best—Admiral Coffee.

### FIND BODY AFTER MONTHS.

Fronton, June 16—The body of William Monday, who was pushed off the steamer Greyhound at the local wharf, after a quarrel, last November, was found three miles below here.

### A Twenty Year Sentence.

"I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woolver, of Le Raysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time. 25c. at F. D. Hall drug store.

## REPUBLICAN CONVENTION

(Continued from Page 1.)

States Theodore Roosevelt and Charles W. Fairbanks, who were elected and the platform approved by a popular vote of 7,623,458, a record unexampled in the history of political parties since the foundation of the government, receiving the endorsement of 32 states out of the 48, with but 13 in opposition.

In view of this endorsement, it becomes pertinent and opportune to inquire, what has the Republican party done in the last four years of governmental control? In many respects the most remarkable and brilliant in the history of the party and the country—to forfeit public confidence or create distrust in its capacity for future administration? Although some untoward and unforeseen conditions have beset the republic during the last four years, yet these have been met and overcome with alacrity and courage, and the country has marched steadily onward in its matchless course of industrial triumphs. The wise and beneficent legislation of the Republican party during the long years of its ascendancy and administration of national affairs laid the foundation for the public weal so securely that no disquieting condition, not even a temporary panic, which necessarily touches the mainspring of all industrial life, could arrest the country's resolute advance.

### Population Has Wonderful Growth.

Since the last national Republican convention, four years ago, our population has increased from 81½ millions to 87½ millions, while 4 millions of immigrants from every quarter of the globe have found welcome to our shores and protection under our flag. During the last four years our flocks and herds have increased in value from 2,998 million dollars to 4,631 millions. The value of our farm products from 5,917 millions to 7,112 millions. The output of coal from 314 million tons to 420 millions. Our product of gold from 74 millions of dollars to 90 millions. The accumulation in savings banks of 2,815 million dollars in 1903 was augmented to 3,485 millions in 1907. The deposits in all banks in 1903, aggregating 9,553 million dollars, reached the fabulous sum of 13 billions in 1907, an increase of 3,546 million dollars in four years.

In spite of the disquieting conditions incident to the regulation of rates on interstate railroads 20 thousand miles of new track have been added in the past four years. The tonnage of vessels passing through the Sault Ste. Marie canal has increased from 28 millions in 1903 to 44 millions in 1907. The output of pig iron, the barometer of trade, in 1907 was 25,731,000 tons as against a little over 18 million tons in 1903, and our exports of iron and steel increased from \$96,642,000 in 1903 to \$181,531,000 in 1907. The cotton fabric wrought in American mills from our domestic fiber consumed in 1903, 3,924 million bales, while in 1907 they required more than 5 millions.

### Sufficient For Illustration.

This record of material activity in field and forest, factory and farm, mines and mills during the last four years might be indefinitely extended, but this is quite sufficient to show the development and robust condition of our industrial life.

The nine great executive departments of the government, through which the head of the nation speaks and acts, have advanced with steady and resolute steps within the sphere of their activities, presenting a record of achievements during the last years of intelligent and progressive administration unexampled in the history of the government.

The agricultural department has continued its work in promoting the interest of the farmers by diversifying their products, supplying new and valuable seeds and plants especially adapted to our climate and soil, eradicating diseases which infest and destroy animal and vegetable life, developing the best sugar industry from 40 million to 480 million tons, valued at 41 million dollars; enforced the pure food law enhancing the health of all our people; distributed during the year 1907 nearly 17 million bulletins, provided for over 2,000 scientists to gather information for the benefit of agriculture, protected our forest reserves from the ravages of fire, converted the arid lands and waste places into fertile fields and blossoming gardens, extended our producing area for grains westward into the dry regions so that nearly 50 million bushels a year are being grown in regions which have heretofore been un-

productive, and in every way possible conserving the natural resources of the country for ourselves and the generations to come after us.

Julius C. Burrows.

Temporary Chairman of the National Republican Convention.

productive, and in every way possible conserving the natural resources of the country for ourselves and the generations to come after us.

### New Department Active.

The department of commerce and labor, organized in 1903, has been active and potential in extending our commerce and protecting our labor. It has dispatched messengers to foreign countries, particularly to South America and the Orient, to learn the needs and tastes of the people with a view of increasing our trade. Its bureau of statistics has established a system of recording the internal commerce of the country on the great lakes and at important interior centers. Its bureau of manufactures has brought about more intimate relations between the manufacturers of the United States. It has co-operated in the beneficent work of arbitration to avert or terminate strikes and promote the interests of our laboring people.

### Liability Law Amended.

The congress just closed re-enacted the law passed by the Fifty-ninth congress to conform to the opinion of the supreme court, making common carriers liable for accidents to their employees engaged in interstate commerce. It has enacted a law for the further protection of the life of railroad employees in their hazardous employment. It has provided compensation for laborers and mechanics who may be injured in the service of the government and making a provision for their families in the event of their being killed in the course of their employment. It has enacted a model child labor law for the District of Columbia. It has directed a thorough investigation into the working conditions of the employees of the telegraph and telephone companies doing interstate business, and in response to the urgent appeal from both capital and labor, congress before its adjournment appropriated \$150,000 for an investigation into the cause of mine accidents with a view of promoting the safety of workers in our mines.

The work of the department of the interior has been prosecuted under the present administration with intelligence and vigor. During the past year over 2 million acres of coal lands have been restored to the public domain. During the last five years fences unlawfully closing public lands have been removed from 2,519,523 acres, and steps are now being taken to remove from such inclosures 3,750,000 other acres.

### Pension Work Up to Date.

The work of the pension bureau has been brought up to date. The labor has increased, but the expense of administration during the last four years has decreased nearly \$700,000. The force has been reduced from 2,600 to 1,400 and yet the number of certificates issued during the last 12 months has been greater than any previous 12 months since the bureau was established, nearly 400,000 having been issued the past year.

During the past four years the post-office department has continued its beneficent work in the interest of all the people until on the 1st of April, 1908, free rural delivery was in operation on 39,977 routes from 15,303 post-offices. Complete rural service has been established in 703 counties, saving \$2,500,000 in the discontinuance of post-offices and in every way carrying the blessing of the free delivery system to our rural population and thus promoting the happiness and contentment of the people.

It is to be regretted that a measure to provide for the carrying of our mails to the Orient and the South American countries in American ships should have failed, but its passage in the near future is confidently expected.

The work of reorganizing and promoting the efficiency of the army has gone steadily forward until we have a military force not only sufficient to maintain peace within our own borders, but capable of resisting any possible force that could be sent against us. The establishment of a general staff of the army has made action by it more prompt and effective than ever before and has served to give

to the policy of improvement in the army a prominent character.

The management of our outlying possessions under Republican administration has been attended with remarkable success. Under American occupation and control the commerce of the island of Porto Rico, which in the most prosperous days of Spanish rule aggregated but 22 million dollars, was, in 1907, 56 millions. The production of sugar has advanced from 109,000 tons to 204,000 tons, valued at 15 million dollars.

### Progress in Philippines.

In the Philippine Islands the people have been given a legislative body, the full power of conducting their own municipal and provincial governments, the establishment of their own tariff system, the direction of the postal service and, indeed, greater rights and powers than those possessed by any other people subject to our sovereignty. A sound and reliable currency system has been established.

The resignation of President Palma of the republic of Cuba and the failure of the Cuban congress to elect a successor left that island without a government at a time when great disorder prevailed and the president deemed it his duty to establish a provisional government, restore order, administer law and justice, but coupled with the announcement that this action was preliminary to the re-establishment of orderly government in the island. The threatened insurrections were averted, peace and good order restored and the development of production, transportation and commerce resumed. Public order has been perfectly kept, and at no time for a century has the island been so free from marauding bands as under American provisional administration. Local and national elections are to be held and the government again turned over to the Cuban people.

### Navy Has Been Strengthened.

Our navy has been strengthened until today we hold second place among the naval powers in the world, and our fleet of battleships rides triumphantly around the globe receiving the friendly salutations of the nations, conveying peace and good will to all the people.

The department of justice has prosecuted its work with fidelity and diligence, seeking to prevent violations of federal law and to mete out merited punishment to the guilty. Its most important work during the past four years has been to defend the soundness of the position taken by it relating to prosecutions under the Sherman anti-trust law and the interstate commerce law by carrying proceedings through, inaugurated through the various courts and to a final determination by the supreme court of the United States, that the constitutionality of these acts might be adjudicated and settled.

The effort of the national government to invoke that provision of the federal constitution which empowers congress to regulate commerce with foreign nations and among the states presented problems of the greatest complexity, the solution of which has been attended with no little difficulty. Without rehearsing the legislation enacted to correct the evils and the work of enforcing these statutes it is gratifying to know that the abuses complained of are fast disappearing, and carrier and shipper alike are co-operating in the enforcement of the law, and what at one time threatened to be a protracted and acrimonious struggle is fast assuming a peaceful solution.

### Stands For Tariff Revision.

The Republican party stands for a revision and readjustment of our customs laws as changed industrial conditions at home and abroad may have made necessary, keeping steadily in view the cardinal principles of protection to American industries and American labor. As evidence of its good faith in this regard, the national house of representatives, clothed under the constitution with exclusive jurisdiction to "originate all bills for raising revenue," on the 20th of April just past, by formal resolution, authorized and directed its committee

### RECKLESS DRIVING

Editor Advocate: Is there no law or official authority within the city to control or restrain the wild, reckless automobile driving which is now indulged in by so many upon our principle thoroughfares, almost every hour of the day and night? Must the pedestrian or antiquated traveler take to the alleys or back streets in order to save himself from the mad rush of the "Red Devil" or other kindred hazards upon the streets, that the "man in the car" may have absolute right of way? Must we wait until some one is run down and probably killed before taking action in this matter? This certainly is a very important subject for our city officials to take action on and the sooner this is done the better for the public safety.  
HUDSON AVENUE.

### KILL EVERY ONE.

National Crusade Against Dandruff  
Germ Now Being Waged by Prof. Giroux.

The Dandruff Germ is the greatest American pest of today declares Prof. Giroux the great French Scientist and student of diseases of the hair.

In a recent interview in Paris, Prof. Giroux said: "If the germs of the dandruff are not soon annihilated the United States will some day be known as the hairless nation."

"The Americans must wage a relentless war of extermination at once and I am going to help them."

My receipt for killing Dandruff Germs, well-known throughout France as Parisian Sage, is now being manufactured in the United States.

There is only one way to cure Dandruff and that is to kill the Dandruff Germs.

There is only one preparation that will kill the germ and that is Parisian Sage.

Parisian Sage (the original prescription of Prof. Giroux) is now manufactured in Buffalo, N. Y., by the Giroux Mfg. Co., and agencies have been established in every town in America.

You take no risk in buying a bottle of Parisian Sage at T. J. Evans' Hotel Warden block, the agent in this city, and he will guarantee Parisian Sage to cure Dandruff, stop falling hair, remove all diseases of the scalp or money back.

Parisian Sage is the most marvelous hair dressing and tonic; it makes the hair beautiful, soft and luxurious in one week. It causes hair to grow if the hair root be not altogether dead. The price is only 50 cents a bottle.

### EVANGELISTIC

Services Are Planned by City Union of Young People's Societies.

Last evening at a largely attended meeting of young people it was decided to hold evangelistic services this summer, to be conducted by the young people's city union, the pastors of the city preaching the sermons, and the societies doing all the necessary planning and work.

The time as planned was for the meetings to commence Sunday, July 12, at 5:30, with a mass meeting of the young people's societies, and to continue every evening thereafter until the middle of August. It is also planned that a large tent be secured and erected on the old graveyard grounds, with a seating capacity of 500 to 800. A large chorus choir is necessary for the successful campaign and it is hoped that a good, big one may serve at these meetings.

Committees were appointed to look after a tent, others to see about singers, speakers, etc. one on advertising, and one on finance. These committees will report next Monday evening at an open meeting to be held at the First Congregational church. All the young people are urged to attend this meeting, whether members of the congress or not.

"STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE.

### COMMENDABLE

Is Work Being Done by Local Salvation Army Corps—Last Year's Work.

The members of the Salvation Army of Newark, that heroic little band of Christian workers that has done so much for the poor and downfallen of this city, are to be commended for the efforts they are making to give the poor children of the city an outing at Idlewild park on July 2. Perhaps no other organization in the city has done so much really charitable work as has the Salvation Army. During the past year the work that the army has done in Newark is truly wonderful. In the first place the annual outing at Idlewild Park, at which 250 of the very poorest of the city's poor were given an outing, was an event that is still remembered with pleasure by the youngsters who were present. Then came the Christmas dinner, at which 750 of the poorest families in the city partook.

During the heated period of summer the army furnished the poor sick and infants of the city with ice water and sterilized milk, the cost of the milk amounting to more than \$10

per month, together with about \$150 worth of groceries. During the year over 1000 garments were given away and 1250 garments were sold for a small price to enable the army to defray the expenses of the campaign, and over 250 tons of coal were supplied poor families. The members of the Salvation Army are doing a good work that speaks for itself.

"STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE.

### BIG INCREASE

Of High School Students in Past Six Years—New Addition Will Be Ready in Fall.

With the closing of the present school year, as usual the instructors and heads of departments are making preparations for the following school year's work.

The 1908 class of 65 graduates was the largest ever presented with diplomas by the Newark Board of Education, and, judging from the increase in the annual total enrollment of the High school, to which the number of graduates is from a certain standard proportionate to an extent, next year's class will be even larger.

Owing to the fact that there are so many optional studies in the present High school system, and, also, that many of the students have some one or two branches behind their regular class course, it is a very difficult matter to classify the students so that each is identified with any one particular class.

The records of Superintendent Simkins on the increase in the High school enrollment show that in the year 1901-2 the total enrollment of the High school was 284 in 1902-3, 283; in 1903-4, 299; in 1904-5, 365; in 1905-6, 420; in 1906-7, 469; in 1907-8, 520. It is expected that there will be about 200 Eighth grade pupils to enter the High school next year.

The addition to the building will be completed by the time school is ready to open in September, and will offer extra accommodations for about 400 students. In all, there will be about 12 more rooms for school purposes—class recitation and study rooms. This figure does not include the large department of manual training, which is to be quartered in the basement of the new structure, nor does it include the chapel auditorium, an idea of the size of which can be gained from its seating capacity, which is estimated at 1,000.

Some extra room will be required for offices of the principal, and possibly the superintendent of public instruction and the board of education. However these latter two are not yet decided upon.

It is understood that a big proportion of this year's graduates are preparing to enter college next year, while nearly all of them have either left the city or are preparing to leave for vacation and general rest.

### HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

### LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases. Mrs. Norman R. Barndt, of Allentown, Pa., writes: "Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration,

### WILL SOON BE THING OF PAST

"Banker's row" at the Ohio Penitentiary will soon be only a memory, says the Ohio State Journal. That famous tier of cells in which have been confined men who have wrecked financial institutions either by appropriating the funds for their personal use or by unlawful investment is to pass out of existence. Word was received in Columbus last night that the United States government authorities had decided not to send federal prisoners to the Ohio penitentiary hereafter, if they have been sentenced for more than one year. The order comes direct from Attorney General Bonaparte and will be put into effect at once. The majority of the bankers now confined in the penitentiary are held for terms exceeding one year and as they complete their terms "bankers' row" will gradually be deserted. The cells which have been so elegantly furnished will be occupied by common horse thieves and burglars and the most interesting part of the big prison will be mentioned only in its history.

The order is the result of a new policy of the government to make more use of its federal prisons. The effect will be to work a hardship on those convicted of wrecking banks, it is explained. Hereafter they will be sent to the federal prisons in different parts of the country, where they will have no more privileges than the plain burglars.

It is understood that President Roosevelt believes that much federal punishment misses fire by the use of state prisons, through politics and various influences. Not only the Ohio penitentiary but all the state prisons will be affected by the order.

## Dust Means Sickness

The most striking revelation made by the study of germs is the fact that circulating dust is invariably laden with the germs of disease. It is as important to avoid dust as it is to destroy germs. The only safe way to purchase coffee is to buy Climax in sealed dust-proof packages.

## Would That Make Good Coffee?

There is about a day's accumulation of dust upon your parlor table. How much more dust does bulk coffee come in contact with before you buy it?

Roasted coffee is stripped of the outer hull and inner skin, and the pores of the berry, thus left open, absorb all the dust and odors going. Dust and germs are not conducive to good health. Why not buy in the clean way, in sealed packages?

## CLIMAX PACKAGE COFFEE

(Never Sold in Bulk)

Is Equal in Original Quality to any Coffee Sold in Bulk at 30c and is Absolutely Clean. It is roasted with the most scrupulous cleanliness and packed in air-tight, dust-proof sealed packages.

## REPUBLICAN CONVENTION

(Continued from Page 4)

on ways and means, the organ of the house having jurisdiction of the question, "to sit during the recess of congress and to gather such information, through government agents and otherwise, as it may see fit, looking toward the preparation of a bill for the revision of the tariff."

In this connection it can be safely promised that, whatever revision or readjustment takes place under the control of the Republican party it will give just and adequate protection to American industries and American labor and defend the American market against the unjust and unequal aggression from whatever quarter they may come.

The recent panic called the attention of congress to the necessity of further legislation and a measure has been passed providing for an emergency currency of \$500,000,000 to be issued under certain conditions and limitations, an authorization, it is believed, which will prevent the recurrence of any such disaster as befell the country last fall. The secretary of the treasury has already taken the necessary steps to give effect to this legislation, and banking associations are already forming to avail themselves of the benefits of this act. It is doubtful if the provisions of this act will ever be invoked, as the ability to supply \$500,000,000 additional currency whenever needed will of itself have a tendency to make its issuance unnecessary.

Provides Monetary Commission.

In the meantime, however, the Republican party is not indifferent to the necessity of a further and comprehensive revision of our monetary and banking system, and to that end the congress just closed authorized the creation of a monetary commission composed of 18 members of the two houses of congress, clothed with power to inquire into and report to congress at the earliest date practicable what changes are necessary or desirable in the monetary system of the United States. This commission has already organized and entered upon its labors and will diligently prosecute its labors with the hope of formulating a monetary system that will meet every legitimate business need and promote the prosperity of all of our people.

The participation of the United States in the Pan-American conference

at Rio de Janeiro in August 1906, and the visit of Secretary Root to that conference and to all the principal maritime countries of South America, where he was received with universal acclaim, put an end to the suspicion and distrust with which the growing power of the United States was regarded by the Latin-American races and began a new era of friendship and sympathy between all the American republics.

The building of the Panama canal, the most colossal undertaking of the century, the successful completion of which is now assured, makes it more important to the United States than ever before that there shall be no hostile control of the route between either our great Atlantic and Pacific ports and the isthmus. For that the people inhabiting the islands and shores of the Caribbean shall maintain independent, peaceful and prosperous government. The policy of the United States to aid them in maintaining such governments has been prosecuted with special success during the last four years.

With the active participation of the delegates of the United States the second international peace conference at The Hague in the summer of 1907 entered into agreements which, taken together, have been declared by high authority to constitute one of the greatest advances ever made towards the reasonable and peaceable regulation of international conduct. Important among these treaties was the agreement proposed and urged upon the conference by the United States under which all the civilized powers agree not to use force for the collection of contract debts claimed by their citizens against other countries so long as the alleged debtor seeks the protection of the arbitration as to the justice and the amount of the debt or time and mode in which it ought to be paid.

Signs Arbitration Treaties.

Following the action of The Hague convention in providing greater facilities for the use of the permanent court of arbitration at The Hague, the United States has put itself upon the basis of the peaceful settlement of international disputes by including general treaties of arbitration with England, France, Spain, Portugal, the Netherlands, Denmark, Sweden, Norway, Switzerland, Italy, Mexico and Japan, while many other similar treaties are in course of negotiation.

The questions between Japan and the United States which caused so

much public excitement in the year 1907 have been disposed of to the satisfaction of the people of both countries. The friendship and sympathy between the two governments have now been signaled by the general treaty of arbitration concluded between them, by the invitation and acceptance of the invitation for the visit of our fleet at Tokyo and by the response of the United States to the invitation of Japan to participate in the great exposition which is to be held at Tokyo in the year 1912.

The unfriendly feelings among the people of China which grew out of the enforcement of the Chinese exclusion law and led to the boycott of American trade in China has been restored to its natural course.

Tariff Wars Averted.

Threatened tariff wars between the United States and Germany and between the United States and France have been averted by commercial agreements between the United States and each of those countries made under the authority given to the president in the third section of the Dingley tariff act.

But the crowning act in this drama was that in which the president himself took the initiative, halted the armies of Russia and Japan, bringing about an honorable and, it is to be hoped, enduring peace.

With this splendid record of the last four years in the management of our domestic and foreign affairs, backed by the history of nearly half a century of Republican policies the public mind must rest in the conviction that the continued ascendancy of the Republican party will best promote the interest of the people and advance the glory and stability of the republic.

At the conclusion of Burrows' remarks the Senator announced the names of the temporary officers of the convention selected by the national committee and they were formally approved by the convention. Chairman of various states and territorial delegations were then called upon to send up to the secretary's desk the names of those they had chosen to represent them upon the standing committees of the convention and the announcement was made of meeting places for those committees. With that business the first day of the convention adjourned until noon tomorrow.

Chicago, June 16.—After a lengthy series of conferences at which every possible suggestion to prevent the nomination of Secretary Taft was considered, the so-called alibis are today again breathing defiance publicly and declaring they have gained strong strategical advantage in the fight.

Pressed to explain, they hang back reluctantly and decline. But they are backed, soundly, and no one realizes that fact better than the real leaders of the fight.

The personnel of the committee on credentials has been carefully canvassed and it is certainly Taft. "We are satisfied," is the comment of Frank H. Hitchcock.

Although the allies have little hope so soon as the committee on contested seats meets after adjournment of the convention today, they will press their claims. They will make their hardest fight on the Alabama contests which will be the first to be taken up. Hitchcock's followers admit they must hold Alabama to maintain supremacy. But they believe the credentials committee will stand by the action of the national committee. There is prospect of an attempt at a continuous session of the committee from 4 o'clock this afternoon till its report is completed.

Chicago, June 16.—The statement was made today in all quarters that the allies are preparing to withdraw the names of their candidates before the result of the first ballot is announced.

It is stated that with two exceptions, all have agreed to this plan. The exceptions are La Follette of Wisconsin, whose representatives announce that his name will never be withdrawn, and Governor Hughes of New York. Hughes' response was, "No, I am in the race until the final decision is made."

The prospects are that the nomination of Taft will be made by a unanimous vote. Hughes could be second man on the ticket but he has absolutely declined. Senator Boorah, of Idaho, who rumor said would present Roosevelt to the convention, absolutely denied the story today. "I was asked to present Roosevelt's name," he said, "but refused emphatically. No friend of the President, knowing how he feels, could do this. In my opinion, there will be no Roosevelt stampede."

Senator Dolliver, of Iowa, has been definitely withdrawn from the race as a vice presidential candidate.

The Taft people seem to be in absolute control of the situation.

Washington, June 16.—The following statement was issued from the White House relative to the attitude of the administration on the Republican platform: That which purports to be the so-called administration platform telegraphed from Chicago this morning is a mere tentative draft prepared by one of the members of the resolutions committee for submission to Mr. Taft with the view of securing his views upon certain of the planks. A large part of this purported platform was never seen by the President at all. A number of the planks contained in the remainder was subjected to

amendments, verbal and substantial.

This and other drafts were tentative merely for information of certain members of the resolution committee who were seeking views of various prominent Republicans.

"Neither the President nor Mr. Taft did commit himself nor was asked to commit himself to any particular form of platform, but various drafts of the proposed planks were laid before both."

Secretary Taft was the first caller at the White House today. After a conference with the President, Taft was asked regarding the vice presidential situation. "As I've said all along, I will do nothing in that line until the presidency is settled," said the secretary.

It was suggested to him that the presidency was settled, but he remained non-committal.

Chicago, June 16.—In discussing the work of the Department of Justice, Chairman Burrows interpolated in his speech at the convention this afternoon a ringing declaration to the effect that the Republican party was not in sympathy with the spirit which would divest the courts of their constitutional powers or impeach their judges. This invoked the loudest cheering of the day.

## EFFECTING LOCAL OPTION ORGANIZATION

Pursuant to a call issued May 25, by a committee composed of Thos. H. Warner, J. N. Scholes, John R. Tibbles, Jos. A. Bennett and J. L. Wylly, to all ministers, churches and all organizations interested in county local option, at 2 o'clock Tuesday afternoon the convention room of the court house was well filled by a representative body of women, ministers and laymen.

The meeting was called to order by the Rev. Thos. H. Warner and the announcement was made that the delegates would find more comfortable quarters in the Common Pleas court room. The crowd then made its way up the stairs to the large court room.

A delegation of women who had met at the call of the W. C. T. U., at the First Methodist church, filed in and were assigned seats in the jury box. The court room was filled at the time of opening the meeting, over a third of the congregation being composed of women workers.

The Rev. Thos. H. Warner then called the meeting to order, after which the Rev. L. C. Sparks pronounced the invocation.

The call, announcing the purpose of the meeting was then read, as follows:

Newark, O., May 25, 1908.  
We, the undersigned, hereby issue a call for a convention to be held in the convention room of the court house, Newark, O., on Tuesday, June 16, 1908, at 2 p. m., for the purpose of effecting a local option organization for Licking county. All ministers are invited, and all churches and other organizations interested in the movement, are asked to send delegates.

Newark Ministerial Association, Sager Tryon, president; Licking County W. C. T. U., Mrs. Lucy E. Van Kirk, president; Licking County Sunday School Association, C. W. Gunton, president; Licking County C. E. Union, G. H. Long, president; Newark Young People's Union, H. J. Burcher, president.

Thomas H. Warner, John R. Tibbles, Jos. A. Bennett, J. N. Scholes, J. L. Wylly, Committee.

Attorney J. C. Marriott offered the name of Attorney J. H. Miller to act as temporary chairman. The vote was carried by acclamation.

Mr. Miller thanked the convention for the honor shown, and proceeded with the business of electing a temporary chairman. The Rev. Thos. H. Warner was elected to this office.

The plan of organization was asked for, and Mr. Warner stated that it had been the desire of the committee to follow the plan of organization proposed and suggested by the Anti-Saloon league.

At 3 o'clock the permanent organization was under consideration by the convention.

## CITY COUNCIL

ACCEPTS DEED FOR SITE TO BE USED FOR CITY PARK PURPOSES.

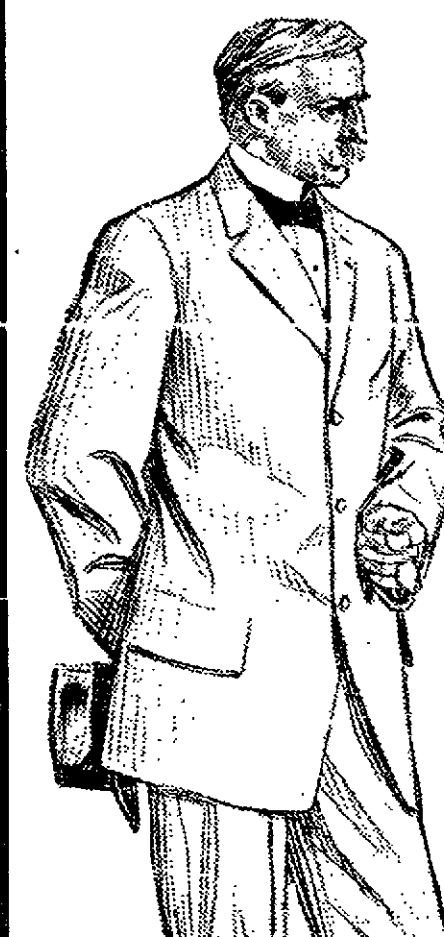

Resolution Adopted Requesting Ohio Electric Railway to Sprinkle Car Tracks.

After transacting a small amount of business, in a session lasting only a short time, the city council adjourned Monday evening, to meet in special session on Monday evening, June 29, when further business will be transacted.

Councilman Orr's West Main street bridge retaining wall is now assured, after having been up for consideration in various forms on various occasions. Five thousand dollars has been appropriated for this purpose, and at last night's meeting an ordinance was passed authorizing the Board of Public Service to enter into a contract for the construction of a rip rap retaining wall on the south side of the Raccoon creek at the junction of West Main street.

A resolution, by Fulton, accepting

## THE MOST DURABLE ROOFING

Because it is made of all mineral products — Asbestos and Asphalt

## "J.-M." ASBESTOS ROOFING

is recognized as the most durable of Roofing materials. It is made for service and can be used with equal success on John Jones' barn or the largest manufacturing plant.

Every square is thoroughly inspected before leaving the factory—the workmanship is right and the materials used in its construction the best that money can buy.

It requires no coating or painting:—"The first cost is the only cost."

Booklet "A" will give you valuable information—Sent free upon request.

H. W. Johns-Manville Co.  
Cleveland, O.

a deed of the Sherwood Improvement company of a part of the new post-office site, to be used for a city park, was adopted. Details of the dimensions of this plat are contained in the deed now in the hands of the Board of Public Service.

A petition from about 100 property owners and residents of West Main street, concerning the Ohio Electric Railway company, was received and filed. The petitioners ask that the city compel the company to sprinkle the streets along the right of way in the city limits and also that the company be compelled to reduce the speed of its cars running within the city limits. This petition resulted in the adoption of a resolution, prepared by Mr. Fulton, and seconded on voting, by Mr. Orr, ordering the Board of Public Service to see to it that the wishes of the citizens be carried out, insofar as the sprinkling of the company's tracks is concerned.

The petition of C. W. Seward, A. T. Speer and T. M. Ball for the christening of the alley running north from East Church street, between First and Second streets, to be known as "Brice Court," was received and filed.

Pataskala and South Fifth and Hoover street sewer bonds, to the amount of \$7059.16 were offered the sinking fund trustees, and refused on account of lack of funds.

Fulton's "no smoking in the council chamber" ordinance was placed on its second reading, after having been referred to the law committee.

Other resolutions introduced and adopted were as follows:

By Fulton: That the Central Union Telephone company be directed to move the pole in the rear of the Franklin property, in the alley between Church and West Main; that the pole be obstructing the entrance to a tenant house. The company is given five days in which to remove the pole.

By Fulton: That the Ohio Electric Railway company be directed to remove the obstructing pole from in front of the Michael Sachs residence, lot 624, West Church street.

By Fulton: That R. H. Baird be given permission to construct a gasoline pump and such underground connections as are necessary thereto, on West Church street, in front of the Union block.

Instructed to prepare a grade for the street to prepare a grade for the alley between North Fourth street and Kibler avenue.

By Fulton: Declaring it necessary to improve the north side of Granville

street from North Fifth to Eddy, by constructing an artificial stone sidewalk.

By Flohr: Declaring it necessary to construct a sewer on Hudson avenue from Charles to Stevens street; also approving the plans for said sewer, submitted by the engineer.

By Flohr: Declaring it necessary to improve Woods avenue on both sides, between Moull and Granville streets, by constructing a cement walk.

By Orr: Declaring it necessary to construct a sidewalk on the west side of Pond street, from West Main to the south end of Pond street.

By Orr: Declaring it necessary to construct a walk on the west side of Day avenue from West Main street to the first alley in Cassingham and Stump's addition.

The engineer's report on the cost of the paving of West Main street was referred to the street committee.

"STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1908. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at F. D. Hall's drug store. 50c. and \$1.00. Trial bottle free.

Save Money this Hot Weather by wearing

# Move On! Move On!!

## Mightiest Price Reduction Command Ever Given Summer Merchandise

This morning we opened our doors to our Great June Move On Sale amid great crowds of eager buyers. Our Move On Sale is the greatest money saving sale of all—a sale of actual economies. All day long great throngs of economical shoppers have crowded every aisle. They buy eagerly, rapidly and abundantly—they recognize bargains instantly—they know that prices can never be lower on high grade summer merchandise. This great Move On Sale is not an offering of old goods or worthless accumulations; but it is a **Wholesale Sacrifice of our own keenly bought, crisply fresh and stylish new stocks, which prices have been radically and effectively lowered.** It is a sale, not of words, but of deeds, a time when you can profit richly by the enormous purchases made by us at tremendous price concessions. This is the most important sale we have ever held. Every price quoted is radical, every value quoted with absolute accuracy. It is a sale no thrifty woman can possibly afford to miss. Every department in the entire store is filled to the overflowing with bright new summer merchandise, and every section joins enthusiastically in this great Move On Sale to reduce stocks and to effect a quick clearance.
